

Reduce Waste and Buy Recycled!

You can reduce the amount of waste going into landfills and help protect the environment by doing some simple things:

-  Take your own canvas bag when you go shopping instead of using a paper or plastic bag.
-  If you buy one or two things, tell the cashier you don't need a bag.
-  Buy economy-sized products rather than smaller ones.
-  Buy batteries that can be recharged.
-  Buy products packaged in recyclable containers.
-  Buy school supplies made from recycled materials. Backpacks and rulers can be made from recycled plastic. Pencils and paper can be made from recycled newspaper and cardboard.

*What items do you use at school
made from recycled materials?*
